

CRC Survey of County Government Services

Thank you for taking the time to complete this survey. This survey also can be completed online at <http://surveys.crcmich.org>. Providing your contact information below will help us to code your responses under the correct unit, and allow us to contact you for clarification or follow-up if necessary.

CONTACT INFORMATION:

Name of County: _____

Name: _____

Position: _____

Address: _____

City, Zip Code: _____

Phone: _____

Email: _____

In order to facilitate completion of the survey, we are including a brief description of each response. The responses are not necessarily mutually exclusive, there may be some areas of overlap. For example, your unit may provide a service to its residents as well as to the residents of a neighboring county through some sort of contract or agreement with that county (in which case you would check columns b and d). Please try to choose the best response(s) to describe your county's service delivery arrangement for each type of service.

We hope to identify what services your county provides and in what manner, by asking if your county:

- a. **Does not provide or contract for this service** – this service is not the responsibility of, and therefore is not provided by, the county.
- b. **Directly provides this service** – the county is providing this service using county employees.
- c. **Provides this service by contract to residents of another county** – the county is providing this service, through some sort of contract or agreement, to another county. This would usually be in addition to providing the service within your own county.
- d. **Jointly provides this service with another county** – the county has entered into an agreement with another county to cooperatively provide this service.
- e. **Relies on local jurisdictions to provide this service** – the county does not provide this service on a county-wide level because it is the responsibility of the cities/villages/townships within the county to provide this service to their residents.
- f. **Has this service provided by the state** – your county contracts with the state to provide this service.
- g. **Has this service provided by another county** – the county has some sort of agreement or contract with another county to have them deliver this service.
- h. **Has this service provided by a special authority** – the county has joined a special authority with other units of local government to provide this service to all residents within the special authority.
- i. **Has this service provided by a private provider** – the county has hired, or contracted with, a non-governmental private firm—for-profit or non-profit—to provide this service.
- j. **Do not know how this service is provided** – you are unaware if this service is being provided by another unit, but the county is not currently providing this service.
